San Antonio is [a hot spot for travelers](#), and now we have a definitive ranking to prove it. Two San Antonio-area resorts just landed mentions in *Condé Nast Traveler's* annual [Readers' Choice Awards](#): La Cantera Resort & Spa, and Hyatt Hill Country Resort and Spa.

Celebrating its 35th year, the annual list collates the best hotels, airlines, cruises, resorts, and islands — all chosen by the magazine's readers from around the world.

Landing at No. 43 on the global list of [best resorts](#), La Cantera earned its ranking for "views that truly can't be beat, which is why we recommend booking a room with a balcony." The magazine also mentioned the resort's adults-only floor, luxe villas, exclusive spa treatments and "memorable: dining options. According to the editors, Signature is the resort's star — "a restaurant that is a feast for the senses, serving up seafood and wild game in an old-world setting."

In addition to the global list, La Cantera landed at No. 1 in the [Texas and Southwest category](#). Hyatt Hill Country Resort and Spa came in at No. 4 in that category, following close behind Austin's Omni Barton Creek Resort and Spa's No. 3 mention.

"We are honored to be recognized with such a significant award as Conde Nast Travelers' Readers' Choice Awards," said Steven J. Smith, General Manager of Hyatt Regency Hill Country Resort and Spa, in a release. "Since the winners are determined based on the votes of actual travelers, this award is a demonstration of the incredible experience and unmatched service we provide at our beautiful Hill Country resort."

Three Austin properties also made the list of best hotels, with one Houston entry:

- The Driskill (No. 3)
- JW Marriott Austin (No. 8)
- Four Seasons Hotel Houston (No. 19)
- Hotel Granduca Austin (No. 29)
